

***SHRIMP CHECK***

detection kits .

**Proven shrimp diseases detection kits  
is now within reach**

Rapid Test Kit . Extraction Kit . PCR Kit . qPCR Kit

## About Us

Global production of farmed shrimp is likely to remain stagnant or lesser, partly affected by shrimp diseases due to pandemic viruses which adversely inflicts serious economic losses in global paneid shrimp farming industry. A complete shrimp disease prevention and disease detection tools are of paramount vital in shrimp farm management.

Speedy Assay Sdn. Bhd. is a biotechnology company with comprehensive distribution network striving to meet your emerging and changing needs with solution for aquaculture safety by detection of diseases through supply of rapid test kits, PCR kits and real-time PCR kits with superior quality.

## Vision & Mission

To constantly align ourselves with global technology and product trends, and to integrate reliable product quality offering to our customers with solution for aquaculture safety via molecular diagnosis approach and lateral flow platform.

## Our Team

We are teamed by specialists with scientific and technical knowledge to ensure delivery of quality products and customer services in effective and timely manner.

## Our Quality

We deliver products that help end-users such as farm managers, researchers, QA/QC managers and authorities to efficiently monitor the health of shrimp. All the products are guaranteed with superior quality with stringent quality control management from raw material selection up to finished goods and in compliance with ISO standard.

Designed on industry-leading innovation, **Speedy Assay ShrimpCheck** detection kits portfolio can grow with your screening, monitoring, research and prevention needs on shrimp diseases.

From the simple reliability of shrimp diseases rapid test kits to the unprecedented sensitivity of shrimp diseases real-time PCR kits, **ShrimpCheck** lineups offer you more comprehensive, flexibility and performance.

## Product List & Ordering Information

<b>SHRIMP CHECK RAPID TEST KIT</b>	<b>20 tests/ kit</b>
ShrimpCheck White Spot Syndrome Virus (WSSV) Rapid Test Kit	RWSS01-020
ShrimpCheck Infectious Myonecrosis Virus (IMNV) Rapid Test Kit	RIMN01-020
ShrimpCheck Yellow Head Virus (YHV) Rapid Test Kit	RYHV01-020

### Key Features

- **Rapid**  
Immediate results obtained within 20 minutes
- **Simple to use**  
Easy procedures, does not require technical specialist
- **On-site pre-screening**  
Convenient and quick on-the-field detection, save your time
- **No expensive tools**  
Does not require expensive equipment or tools
- **Cost effective**  
More tests can be performed simultaneously and more representative data

<b>SHRIMP CHECK EXTRACTION KIT</b>	<b>50 tests/ kit</b>	<b>100 tests/ kit</b>
ShrimpCheck Nucleic Acid Extraction Kit	SCV01-050	SCV01-100

<b>SHRIMP CHECK PCR KIT</b>	<b>Without ShrimpCheck Nucleic Acid Extraction Kit</b>		<b>With ShrimpCheck Nucleic Acid Extraction Kit</b>	
	<b>50 tests/ kit</b>	<b>100 tests/ kit</b>	<b>50 tests/ kit</b>	<b>100 tests/ kit</b>
ShrimpCheck Acute Hepatopancreatic Necrosis Disease/Early Mortality Syndrome (AHNPD/EMS) PCR Kit	PEMS01-050	PEMS01-100	CPEMS01-050	CPEMS01-100
ShrimpCheck Covert Mortality Nodavirus (CMNV) One Step RT-PCR Kit	PCMN01-050	PCMN01-100	CPCMN01-050	CPCMN01-100
ShrimpCheck Enterocytozoon hepatopenaei (EHP) PCR Kit	PEHP01-050	PEHP01-100	CPEHP01-050	CPEHP01-100
ShrimpCheck Hepatopancreatic Parvovirus (HPV) PCR Kit	PHPV01-050	PHPV01-100	CPHPV01-050	CPHPV01-100
ShrimpCheck Infectious Hypodermal & Hematopoietic Necrosis Virus (IHHNV) PCR Kit	PIHH01-050	PIHH01-100	CPIHH01-050	CPIHH01-100
ShrimpCheck Infectious Myonecrosis Virus (IMNV) One Step RT-PCR Kit	PIMN01-050	PIMN01-100	CPIMN01-050	CPIMN01-100
ShrimpCheck Monodon Baculovirus (MBV) PCR Kit	PMBV01-050	PMBV01-100	CPMBV01-050	CPMBV01-100
ShrimpCheck Taura Syndrome Virus (TSV) One Step RT-PCR Kit	PTSV01-050	PTSV01-100	CPTSV01-050	CPTSV01-100
ShrimpCheck White Spot Syndrome Virus (WSSV) PCR Kit	PWSS01-050	PWSS01-100	CPWSS01-050	CPWSS01-100
ShrimpCheck Yellow Head Virus (YHV) One Step RT-PCR Kit	PYHV01-050	PYHV01-100	CPYHV01-050	CPYHV01-100

### Key Features

- Detection of shrimp viral nucleic acid based on multiplex PCR assay
- DNA Extraction Kit is available (optional)
- 100% specificity & sensitivity
- Internal control and external extraction control are included
- Manufactured in accordance to ISO9001: 2015

**Product List & Ordering Information**

<b>SHRIMP CHECK REAL-TIME PCR KIT</b>	<b>Without ShrimpCheck Nucleic Acid Extraction Kit</b>		<b>With ShrimpCheck Nucleic Acid Extraction Kit</b>	
	<b>50 tests/ kit</b>	<b>100 tests/ kit</b>	<b>50 tests/ kit</b>	<b>100 tests/ kit</b>
ShrimpCheck Acute Hepatopancreatic Necrosis Disease/Early Mortality Syndrome (AHNPD/EMS) Real-time PCR Kit	QEMS01-050	QEMS01-100	CQEMS01-050	CQEMS01-100
ShrimpCheck Covert Mortality Nodavirus (CMNV) One Step RT Real-time PCR Kit	QCMN01-050	QCMN01-100	CQCMN01-050	CQCMN01-100
ShrimpCheck Enterocytozoon hepatopenaei (EHP) Real-time PCR Kit	QEHP01-050	QEHP01-100	CQEHP01-050	CQEHP01-100
ShrimpCheck Hepatopancreatic Parvovirus (HPV) Real-time PCR Kit	QHPV01-050	QHPV01-100	CQHPV01-050	CQHPV01-100
ShrimpCheck Infectious Hypodermal & Hematopoietic Necrosis Virus (IHHNV) Real-time PCR Kit	QIHH01-050	QIHH01-100	CQIHH01-050	CQIHH01-100
ShrimpCheck Infectious Myonecrosis Virus (IMNV) One Step RT Real-time PCR Kit	QIMN01-050	QIMN01-100	CQIMN01-050	CQIMN01-100
ShrimpCheck Monodon Baculovirus (MBV) Real-time PCR Kit	QMBV01-050	QMBV01-100	CQMBV01-050	CQMBV01-100
ShrimpCheck Taura Syndrome Virus (TSV) One Step RT Real-time PCR Kit	QTSV01-050	QTSV01-100	CQTSV01-050	CQTSV01-100
ShrimpCheck White Spot Syndrome Virus (WSSV) Real-time PCR Kit	QWSS01-050	QWSS01-100	CQWSS01-050	CQWSS01-100
ShrimpCheck Yellow Head Virus (YHV) One Step RT Real-time PCR Kit	QYHV01-050	QYHV01-100	CQYHV01-050	CQYHV01-100
ShrimpCheck Shrimp Haemocyte Iridescent Virus (SHIV/DIV1) Real-time PCR Kit	QSHIV01-050	QSHIV01-100	CQSHIV01-050	CQSHIV01-100

<b>SHRIMP CHECK ROX DYE</b>	<b>50 tests/ kit</b>	<b>100 tests/ kit</b>
ShrimpCheck ROX Dye	QROX-050	QROX-100

**Key Features**

- Detection of shrimp viral nucleic acid based on duplex qPCR assay
- DNA Extraction Kit and Rox Dye is available (optional)
- External extraction control is included
- 100% specificity & sensitivity
- Manufactured in accordance to ISO9001: 2015
